Subject: In Conversation with Robert Mazur

Hi Robert,

I wanted to take a moment on behalf of the whole team here at ComplyAdvantage to thank you for all the hard in pulling off an exceptionally well attended and received webinar.

It was a pleasure working with you, your patience and professionalism made what could have been a challenging situation, given that we originally agreed to do a face-to-face event in early 2020 and had to pivot, straight forward and stress free. Your calm and methodical working style allowed us to get the most out of our conversations and ultimately out of the webinar.

The feedback both from within and outside of the business for the webinar is that it was deeply thought provoking, engaging and particularly empowering for compliance teams who are struggling at the current climate. As our COO pointed out, your simple maxims and sometimes jaw-dropping real life stories helped ground the often effervescent work of compliance in the life changing impacts it can have. I know from audience feedback that guests took to heart your message of 'giving this fight their all'

From a number point of view, it was our highest registered webinar of 2020 to date, with over 500 sign ups and of those that attended more than 95% listened intently for the full hour - a very high water-mark for webinars.

Thank you again and I very much look forward to working with you in the future.

Regards,
Simon Bond
